Crown Jewel

Bais Medrash
**REDEDICATION
CAMPAIGN**

Yeshiva Toras Chaim

TALMUDICAL SEMINARY of DENVER

THE LEGACY CAMPAIGN

In 2015, Yeshiva Toras Chaim broke ground for a multi-million dollar Legacy Campus Remodeling Campaign.

Indeed, the campaign helped bring to fruition the long-overdue vision for an encompassing, full-fledged campus. Consolidating the Yeshiva educational and housing facilities in a contiguous, self-contained environment was a major achievement toward maintaining the nurturing environment so critical for students' growth and development.

COMPLETION

The new three-building campus features modern, state-of-the-art learning spaces and living quarters. The all-new 14,500 square foot dormitory facility accommodates the entire student body under one roof.

Another phase in the project was the complete remodeling and expansion of the existing Educational Wing with fully renovated classrooms and upgrades to the building's infrastructure, as well as new science and computer labs. Other campus features include multi-purpose facilities, indoor and outdoor recreational space, administrative offices, conference facilities and a spacious dining hall.

PROGRESS

Today, in its newly completed, three-building contiguous campus the Yeshiva carries forth its mission of over a half-century, nurturing a new generation of students in the age-old fundamentals and traditions of the great Yeshivos of yesteryear.

THE CROWN JEWEL

The renovation of the Yeshiva's iconic Bais Medrash was the final phase – the crown jewel – of the Legacy campaign. While the lion's share of the Legacy campaign was funded by the Yeshiva's broad circle of friends and patrons, the crown jewel of this campaign, the rededication of

the Yeshiva's Bais Medrash is reserved exclusively for the Yeshiva's dearest friends and supporters. These cherished partners are most deserving of an opportunity for an eternal partnership in these hallowed walls.

ALUMNI

This campaign also targets the Yeshiva's three generations of alumni. These treasured progeny, nurtured within the hallowed walls of this Bais Medrash, recognize the true value of this cherished wellspring of hashpa'ah, whose influence charted the trajectory of their lives and their individual destinies, for all eternity.

A Bais Medrash dedication provides a perpetual share in the venue that reverberates with the pulsating crescendo of Torah perpetuating the living chain of our mesorah.

ונתתי להם בביתי
ובחומותי יד ושם
