Rebbe and Talmid-
FORGING A RELATIONSHIP FOR A LIFETIME

Yeshiva Toras Chaim is headed by its founders, world-renowned Roshei HaYeshiva, Harav Yisroel Meir Kagan, shlit"a and Harav Yitzchok Wasserman, shlit"a. Together, they have been developing, refining and directing Yeshiva Toras Chaim for almost sixty years. The Mesivta is fortunate to have their active guidance and hands-on leadership, as well as the daily example in Torah and midos they provide.

Their legendary kesher with more than

five decades of talmidim and alumni is a return on their investment in the hatzlocha of each and every talmid, expressed in their accessibility to, and caring for, each bochur. Yeshiva boasts outstanding Rebbeim who, with great dedication and support, encourage the talmid's academic, social, emotional and ruchniyus growth. With wisdom and vision, each Rebbe refines and develops the derech halimud, skill set, midos tovus, and accentuates the special kocho, of each talmid.
